Profile

Information Technology student with experience in backend development and web applications. Skilled in Java, Python, React, Node.js, and database systems with interest in building scalable software solutions.

Projects

FocusFlow

- Developed using Next.js, Convex, Gemini API, and Web Crypto API.
- Implemented end-to-end encrypted data pipelines with client-side encryption.
- Integrated Gemini API for intelligent, real-time content transformation and personalization.
- Implemented an anonymized analytics dashboard for aggregate attention trends.
- Designed a zero plaintext storage architecture where all user data remains encrypted at rest.

Real-Time Chat Application

- Built a real-time messaging platform enabling instant communication between users.
- Developed using React.js, Node.js, Express.js, MongoDB, and Socket.IO.
- Implemented real-time bidirectional communication using Socket.IO.
- Integrated JWT authentication and bcrypt password hashing.
- Developed RESTful APIs for user and chat management.

Certifications

- Oracle AI Vector Search Certification
- NPTEL: Introduction to Internet of Things (Elite)
- Infosys Artificial Intelligence Foundations

Education

RMK Engineering College Expected 2027
B.Tech Information Technology
CGPA: 7.52

St. Mary's Matric Higher Secondary School 2023
HSC (Higher Secondary Certificate)
Percentage: 75.17%

Technical Skills

Programming

Java • Python • JavaScript

Web Technologies

HTML • CSS • React • Node.js • Express.js • Next.js

Database

MongoDB • SQL

Tools

Git • GitHub • Figma • Canva • MS Office

Core Concepts

Data Structures • OOP • DBMS • Operating Systems

Experience

Full Stack Development Trainee

National Small Industries Corporation (NSIC)
June 2025 – July 2025

- Learned full stack web development concepts and deployment processes.
- Worked with modern web technologies and backend integration.

Web Development Intern

Bharat Intern
November 2023 – December 2023

- Developed responsive websites using HTML, CSS, and JavaScript.
- Improved UI structure and frontend development practices.

Leadership and Activities

- Vice Chair, IEEE Consumer Technology Society Student Chapter.
- Class Committee Member, Information Technology Department.
- Class Representative, Information Technology Department.

Achievements

- Winner, Envision Hackathon at SSN Engineering College organized by IEEE Computer Society.
- Winner, Technical Events at Invente conducted by SSN College of Engineering.
- Participant, 24-Hour Hackathon at Sri Venkateswara College of Engineering.
